socialprotection.org

socialprotection.org is an unbranded, member-based platform with more than 2,500 members, offering free access to over 2,900 publications, webinars, multi-language online communities and other learning material on a myriad of topics, which support knowledge-sharing and capacity building in the field of social protection.

mission and vision

It caters to a highly inclusive community of social protection practitioners, accommodating experts and students, extending from the individual to institutional level.

institutional context
