# Stakeholder page

Guidelines

These guidelines are designed to help users of socialprotection.org in managing a stakeholder page. This page automatically compiles all content added to socialprotection.org that has been linked or authored to a given institution.

1. Start by logging in to socialprotection.org:

2. Click on '**Stakeholders'**, under the **'Connect'** pillar:

3. This will take you to the Stakeholders section of the platform. Search for your institution using the **'Advanced Search'**:

4. Access your Stakeholder page. This is where all information regarding the institution is displayed.

- Please note that for you to be listed under the '**Related Members**' section, you must list the institution as your '**Institutional Affiliation**' under your profile. Access 'Edit my account', on the dropdown menu at the upper-right corner of your screen:
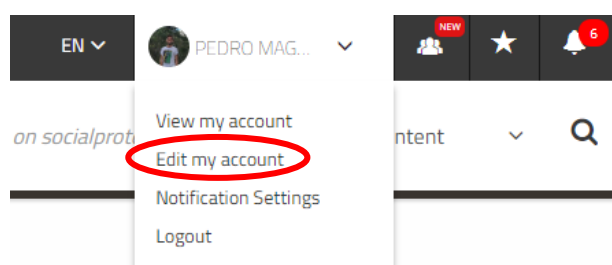

5. To gain access to the editing page of the stakeholder page, you must have created it or have been selected as a focal point by your institution. If this is the case, you can make changes on the page by clicking on '**Edit**':

ISPA - Inter-Agency Social Protection Assessments

Edit

6. You will then be able to update the Stakeholder's **Website, Description, Logo, Institutional Information** and more on the administrative area of the page:

Description (Edit summary)

ISPA offers a set of practical tools that help countries improve their social protection system by analyzing its strengths and weaknes: well as international practices that will help countries to learn from each other.

ISPA tools have been developed by the world's leading social protection specialists from more than 20 international organizations an of five components:

(i) "What Matters" Guidance Note
(ii) Data Collection Framework
(iii) Overview of findings

body

Switch to plain text editor

- For more information regarding the fields on the editing page, please refer to our Technical Content Classification Guidelines.

7. Once you have updated the information, don't forget to click on '**Save**' at the bottom of the page:
