

About

socialprotection.org is an unbranded, member-based online platform, bringing together thousands of social protection practitioners from around the world, directing access to publications, webinars, multi-language online communities, e-courses and other learning materials on a myriad of topics, free of charge. This content aims to support knowledge-sharing and capacity building in the field of social protection, focusing on low- and middle-income countries.

Mission and Vision

socialprotection.org's mission is to be the premier online focal point for knowledge-sharing, capacity building, and collaboration on social protection based on South-South learning. To this end, it provides a centralised gateway to access the most up-to-date and comprehensive resources and tools related to social protection, as well as mechanisms to inspire and host discussions. It caters to an inclusive community of social protection practitioners, accommodating experts and students at the individual and institutional levels.

Institutional Context

socialprotection.org is supported by the G20 Development Working Group and financed by the Australian Department of Foreign Affairs and Trade (DFAT) and the *the Deutsche Gesellschaft für Internationale Zusammenarbeit* (GIZ) GmbH on behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ). The initiative was launched in September 2015 and is hosted by the International Policy Centre for Inclusive Growth (IPC-IG). It has been developed in consultation with the World Bank Group, the International Labour Organization (ILO), and leading agencies gathered under the Social Protection Inter-Agency Cooperation Board (SPIAC-B).
